Anyone can draw,
one easy step at a time!

Each picture is broken into small, simple steps. The new lines are black and the lines you already drew are gray, so young artists always know exactly what to draw next.

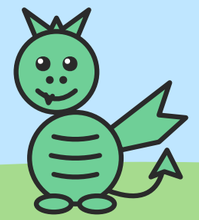

- **100 cute, original pictures in 11 themes**
- **A big "Your turn!" space on every page**
- **Warm-up tracing pages to build pencil control**
- **Large 8.5 x 11 in pages, one drawing per page**
- **A certificate to celebrate at the end**
