CASE FILE

Sixty murders. One killer every time.

Each case gives you a victim, a list of suspects and a set of clues. Cross off everyone who doesn't fit until one name is left.

Sixty cases run from 10-minute warm-ups to full-evening mysteries, with every solution explained.

- 18 cross-off cases to warm up
- 32 logic grid cases: who, where and with what
- 10 one-liar cases: five statements, one lie
- Every puzzle checked to have exactly one solution
- Step-by-step solutions, grids and motives

For mystery lovers, puzzle fans and armchair detectives.
