Ask an AI assistant anything, with confidence.

AI assistants can write a warm letter, plan a gentle trip, explain a confusing bill or a word on a doctor's letter, and teach you something new, any time of day. This friendly guide shows you exactly what to type, step by step, in large, easy-to-read print.

- **Set up an AI assistant on your phone, tablet or computer**
- **Write emails, cards, letters and speeches**
- **Plan trips and days out that suit your pace**
- **Prepare for doctor visits and ask health questions safely**
- **Cook, garden, learn hobbies and record family stories**
- **Spot scams, including new AI voice-cloning tricks**
- **100 ready-to-use questions and a quick reference page**

A perfect gift for parents and grandparents.

No jargon. No fuss.
Just clear steps.
